Knowledgeable- Python, Jest, Trello, Postman, Netlify

PROJECTS

We Love Ramen! | *Fullstack Developer* | [GitHub](#) | [Netlify](#) | [Presentation](#) | June - July 2023

A fully functional ecommerce website designed to sell instant ramen. Made by ramen lovers for ramen lovers.

- Collaborated with a team of 2 other remote developers by dividing feature work, debugging issues, and constantly communicating throughout the 3 week timeline
- Involved in every aspect of development from wireframing to designing database structure to peer code reviews
- Technologies used: JavaScript, Node.js, JQuery, Express, PostgreSQL, React.js, HTML, CSS, BCrypt, Axios

Fitness Tracker | *Fullstack Developer* | [GitHub Frontend](#) | [GitHub Backend](#) | [Netlify](#) | May - June 2023

A fitness web application created to help people track their workouts.

- Partnered with a remote developer over the course of a 3 week timeline
- Extensively used pair programming and test driven development to design and code the frontend, API, and database
- Technologies used: JavaScript, Node.js, Express, PostgreSQL, React.js, HTML, CSS, JQuery

In Terra Somnia | *Squarespace Developer* | [Website](#) | Sept 2023

A professional website acting as the face of a college consultation business.

- Learned Squarespace and built 3 page website in under 2 weeks including initial consultation and redesigns
- Seamlessly handled all technical issues for the client, including domain hosting, business email, basic SEO, and more

EXPERIENCE

Website Administrator (Volunteer) | [Sonoma County A.A. Intergroup](#) | April 2022 - Current

- Maintain exacting standards through attention to detail to effectively serve over 1500 members of the organization
- Display professional customer service while responding to 10+ emails a week
- Efficiently update the site up to 35 times a month to keep up with frequent changes in the organization

Book Seller | Copperfields Books | October 2021 - Current

- Demonstrate marked competence in customer service through my assistance of up to 70 customers a day
- Successfully resolve customer conflicts by utilizing patience and understanding with compassionate professional communication

EDUCATION

California Polytechnic University | Jan 2023- July 2023

Web Development Immersive Program, Powered by Fullstack Academy

Rigorous coding bootcamp focused on fullstack development with an emphasis on paired programming in an agile environment.
